Platform Integrations

Harvard ManageMentor®

Harvard ManageMentor is a web-based solution that can be integrated with any LMS/LXP that can accept a metadata and transcript file. *Harvard ManageMentor* has been successfully integrated with:

- Brainier
- Cornerstone
- Custom Portals
- EdCast*
- D2L
- Degreed*
- Healthstream
- LinkedIn Learning Hub*
- Moodle
- Oracle
- SuccessFactors*
- Saba*
- Seertech
- SumTotal
- Taleo
- Totara
- Workday*

Harvard Business Publishing Collection

The *Harvard Business Publishing Collection* is a web-based solution that can be integrated with any LMS/LXP that can accept a metadata file and (optional) xAPI completions. The *Harvard Business Publishing Collection* has been successfully integrated with:

- Cornerstone
- Custom Portals
- EdCast*
- LinkedIn Learning Hub*
- Percipio
- SuccessFactors
- Saba (in process)
- Workday (in process)

If you are a Degreed LXP client, you may want to consider *Harvard ManageMentor Spark*.

Harvard ManageMentor Spark®

Harvard ManageMentor Spark integrates seamlessly with Degreed LXP. Degreed LXP clients can also use the Degreed API to set up further integrations with additional LMS/LXPs. If you are interested in *Harvard ManageMentor Spark* content but use a different LMS/LXP, you may want to consider the *Harvard Business Publishing Collection*. Contact us to discuss integration options for your system.

Formal integration partners are marked with an asterisk and may be subject to change.
